Summary	3
Part 2 - Leeds City EoL Data	
C2.1 Total patient deaths in and out of hospital and total deaths by	4
C2.2 Patients who died and were included on EPaCCS	4
C2.3 Preferred place of death recorded	5
C2.4 Actual place of death recorded	5
C2.5 Preferred Place of Death Achieved (First Choice) by patients	6
C2.6 Duration of time (in weeks) the patients were on EPaCCS (Leeds)	7
C2.7 Deceased EPaCCS patients who have ReSPECT (Recommended Summary Plan for Emergency Care and Treatment) Code recorded on the system.	8
C2.8 Patients with a Cancer Diagnosis recorded at any point in life.	8
C2.9 Percentage of deceased EPaCCS patients with 3 or more Unplanned Admissions (Non-Elective Inpatient) in the last 90 days of their life.	8
C2.10 Unplanned hospital usage (A&E and Non-Elective Admissions) by EPaCCS Patients in the last 90 days of their life.	9

Leeds Planning Ahead Report (End of Life)

The Electronic Palliative Care Coordination System (EPaCCS) is an electronic record that supports advance care planning conversations and improves the coordination of care for people approaching the end of life.

It provides a summary of key recommendations, preferences and information essential to the high quality care for patients with palliative care needs and those choosing to plan ahead, irrespective of prognosis. Local and national data shows that when patients are given the opportunity to discuss and share their preferences they are more likely to achieve their end of life care goals.

This is a 2023-24 (Q1-Q4) Leeds Planning Ahead Report report, combining SystmOne and EMIS data for patients registered from all the practices across Leeds.

To ensure a comprehensive view of advance care planning it collates EPaCCS data entered by all relevant care providers: Leeds Community Healthcare community services, hospice services, community palliative care teams in addition to primary care.

These Leeds Planning Ahead Report (End of Life) reports have been produced to enable you to reflect on end of life care in your practice.

Key findings of the 2023-24 Report (Q1-Q4) report are:

- ◆ **46%** of adults who died in Leeds had an EPaCCS record which is higher than previous year (45%).
(EPaCCS Deaths / All Deaths) 2023/24: Q1 (665/1444), Q2 (700/1411), Q3 (732/1574) and Q4 (691/1641)
(EPaCCS Deaths / All Deaths) 2022/23: Q1 (703/1537), Q2 (663/1492) , Q3 (800/1780) and Q4 (742/1598)
- ◆ **80%** achieved their preferred place of death in current reporting period compared with the previous year of 79%; with 70.3% dying outside of hospital compared to 71.5% in the previous year.
- ◆ The proportion of patients whose EPaCCS record was started more than 3 month before they died is at 55% in current reporting period compared to 54% the previous year.
- ◆ The proportion of patients **without** an actual place of death recorded in current reporting period is **14%** compared to 12% in the previous year.
- ◆ Percentage of patients who died with GSF and also had a RESPECT Code recorded on the system:
2023/24: Q1 (92%), Q2 (91%), Q3 (94%) and Q4 (92%)
2022/23: Q1 (76%), Q2 (78%), Q3 (76%) and Q4 (80%)
- ◆ Deaths at home recorded in the current reporting period :
2023/24: Q1 213 deaths (32%), Q2 215 deaths (31%), Q3 210 deaths (29%) and Q4 175 deaths (25%)
2022/23: Q1 249 deaths (35%), Q2 227 deaths (34%), Q3 238 deaths (30%) and Q4 228 deaths (31%)

This report covers a period of continued high demand across the health and social care environment on the system. It is a considerable achievement the proportion of patients being supported in their preferred place has been maintained along with the overall proportion of people with an EPaCCS record. This marks a sustained improvement on 2016-2017 when 33% of adults who died had an EPaCCS record.

The findings show that that a greater proportion of people are being given opportunities to discuss , document and share their care preferences at an earlier stage and demonstrate improved data quality.

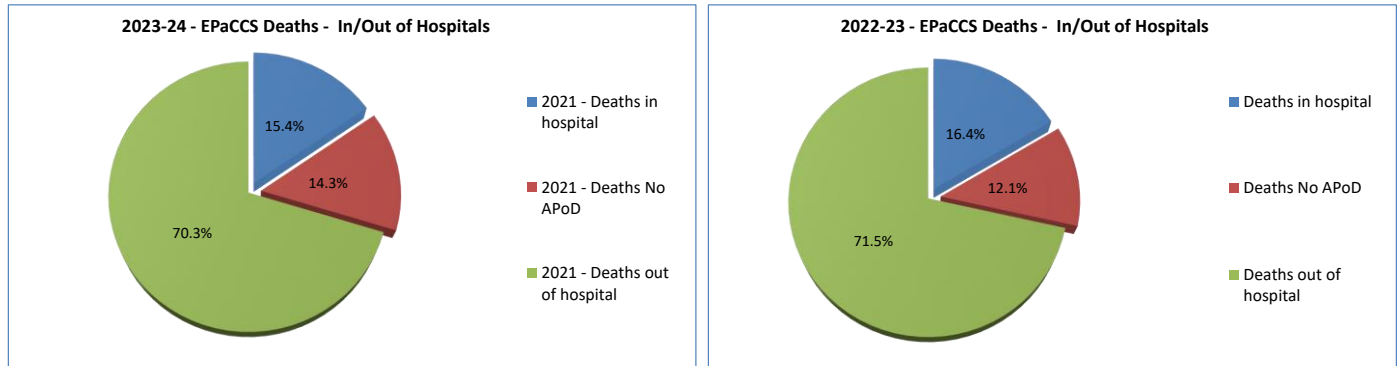

Part 2 - Leeds Health & Care Partnership EoL Data 2023-24 Report (Q1-Q4)

C.1 Total patient deaths in and out of hospital and total deaths by

	Q1		Q2		Q3		Q4		Total	
1. Total deaths in hospital?	96	14%	97	14%	124	17%	112	16%	429	15%
2. Total deaths out of hospital?	477	72%	516	74%	508	69%	459	66%	1960	70%
3. Total number of deaths with No APoD	92	14%	87	12%	100	14%	120	17%	399	14%

	All	EPaCCS	All	EPaCCS	All	EPaCCS	All	EPaCCS	All	EPaCCS
4. Total number of deaths in Leeds	1444	665	1411	700	1574	732	1641	691	6070	2788

Percentage deaths in hospital / out of hospital for 2023-24 Report (Q1-Q4) compared with previous year.

C.2.2 Patients who died and were included on EPaCCS

**Part 2 - Leeds Health & Care Partnership EoL Data
2023-24 Report (Q1-Q4)**

C2.3 Preferred place of death recorded

		Leeds Health & Care Partnership															
	Preferred Place of Death	Q1				Q2				Q3				Q4			
1	Care Home	149				164				198				206			
2	Home	267				255				264				236			
3	Hospice	126				144				112				121			
4	Hospital	10				12				13				14			
5	No PPOD (preferred place of death)	56				57				60				48			
6	Undecided/Declined	57				68				85				66			
	Total	665				700				732				691			

C2.4 Actual place of death recorded

		Leeds Health & Care Partnership															
	Actual Place of Death	Q1				Q2				Q3				Q4			
1	Care Home	138				157				183				170			
2	Home	213				215				210				175			
3	Hospice	126				144				115				114			
4	Hospital	96				97				124				112			
5	No APoD (actual place of death)	92				87				100				120			
6	Other	0				0				0				0			
	Total	665				700				732				691			

**Part 2 - Leeds Health & Care Partnership EoL Data
2023-24 Report (Q1-Q4)**

C2.5 Preferred Place of Death Achieved (First Choice) by patients

	Qtr	PPoD Achieved	PPoD Not Achieved	% PPD Achieved
Leeds Health & Care Partnership	Q1	391	100	80%
	Q2	433	95	82%
	Q3	418	107	80%
	Q4	384	107	78%
	Total	1626	409	80%

NOTE: Only patients with both PPoD and APoD recorded are included in this analysis

Preferred Place of Death (First Choice) Achieved by patients

**Part 2 - Leeds Health & Care Partnership EoL Data
2023-24 Report (Q1-Q4)**

C2.6 Duration of time (in weeks) the patients were on EPaCCS (Leeds)

Duration of time (in weeks) the patients were on EPaCCS by Quarter (as %age of Total)

Duration of time (in weeks) the patients were on EPaCCS (as %age of Total)

2023-24 (YTD) vs 2022-23 (Previous Year)

Part 2 - Leeds Health & Care Partnership EoL Data 2023-24 Report (Q1-Q4)

C2.7 Deceased EPaCCS patients who have ReSPECT (Recommended Summary Plan for Emergency Care and Treatment) Code recorded on the system.

Note: 2023-24 data has been enhanced using the ReSPECT data received from Leeds Teaching Hospital PPM+

Patients with ReSPECT Code	Q1		Q2		Q3		Q4	
ReSPECT Code recorded	611	92%	636	91%	688	94%	638	92%
ReSPECT Code not recorded	54	8%	64	9%	44	6%	53	8%
Total	665		700		732		691	

C2.8 Patients with a Cancer Diagnosis recorded at any point in life.

C2.9 Percentage of deceased EPaCCS patients with 3 or more Unplanned Admissions (Non-Elective Inpatient) in the last 90 days of their life.

PCN	Q1	Q2	Q3	Q4

**Part 2 - Leeds Clinical Commissioning Group (CCG) EPaCCS Data
2023-24 Report (Q1-Q4)**

C2.10 Unplanned hospital usage (A&E and Non-Elective Admissions) by EPaCCS Patients in the last 90 days of their life.

Please note that the data below only relates to patients who have died in a particular quarter and looking back 90 days from their respective date of death.
The actual hospital visits/admissions could have taken place in a previous quarter i.e. a patient who died on 01 April 2023 may have accessed the hospital between Jan to Mar 2024

Activity and Cost Breakdown

	Q1		Q2		Q3		Q4		Total	
A&E visits	Activity	Cost	Activity	Cost	Activity	Cost	Activity	Cost	Activity	Cost
Unique Patients	370		352		386		344		1452	
Total Activity and Cost	543	£127,226	538	£142,497	636	£168,223	526	£139,186	2243	£577,132
Average Activity and Cost	1.5	£344	1.5	£405	1.6	£436	1.5	£405	1.5	£397
Planned Admissions (EL)	Activity	Cost	Activity	Cost	Activity	Cost	Activity	Cost	Activity	Cost
Unique Patients	25		13		17		12		67	
Total Activity and Cost	30	£95,428	14	£66,234	18	£42,923	15	£40,822	77	£245,407
